EQUITY TRADER ALPHA CAPITAL GROUP

While remotely (from my home) managing \$200,000 at Alpha Capital Group:

- **Executed trades** across various financial instruments, including Forex pairs, commodities, and indices, using the firm's proprietary capital.
- **Conducted technical and fundamental analysis** to identify high-probability market opportunities and develop data-driven trading strategies.
- **Managed risk parameters** strictly, ensuring all trades adhered to the firm's daily loss limits and maximum drawdown rules.
- **Utilized advanced trading platforms** (such as MT5 and cTrader) and analytical tools like TradingView to monitor market volatility and price action.
- **Evaluated and refined trading performance** through a detailed trading journal to maintain consistent profitability and meet performance targets.
- **Collaborated with risk analysts** to optimize position sizing and ensure alignment with the firm's capital allocation scaling programs.
